Kraków, 26.04.2017

Prof Juraj Payer
Slovak Society for Osteoporosis and Metabolic Bone Diseases (SOMOK)
Internal Clinic University, Slovakia

Regarding: reduced fee and promotion of World Congress of Osteoporosis, Osteoartrhritis and Musculoskeletal Diseases in Cracow 19-22.04.2018 (WCO-IOF-ESCEO 2018)

Dear Prof Payer,

Polish Osteoarthrology Society is happy to remind that the World Congress of Osteoporosis IOF-ESCEO in 2018 will be organized in Poland, in Kraków on 19-22 April 2018. This will be the first time ever for WCO-IOF-ESCEO to take place in Central-Eastern Europe. We expect approximatly 4000 participants. Next to ASBMR, WCO-IOF meetings are one of the major scientific events regarding muculoskeletal diseases in the world. The Congress will take place in ICE Kraków Congress Centre (www). Detailed information regarding WCO-IOF-ESCEO meetings are availible at www.wco-iof-esceo.org

As a local organizer we achieved a reduction of fee for physicians from Slovakia to 200 euro (from 800). Therefore we wish that physicians from this part of Europe would benefit from this chance and participate in this unique Congress. I would appreciate your help in promoting the event. Thank you for a previously sent list of medical events in your country, it has been transfered to the people responsible for the promotion of WCO 2018. Also we would appreciate if you could provide us a list of major scientific journals in Slovakia which might be interested in the Congress topics.

We would be obliged If you could share these information with any interested parties. If you would have any questions please don't hesitate to contact us. Contact person on the matter is Jaroslaw Amarowicz (tel. +48 790 898 801, e-mail: amarowicz@kcm.pl)

Best regards

President of the Polish Osteoarthrology Society

Prof. Edward Czerwiński
